BOTH WINNERS—John Piscitelli is shown with his prize-winning "Holy Angels Window". John won a first for the state in the competition sponsored by the Woman's Clubs. Teresa Pink is shown with her "Party Time", for which she earned a first place in the Art Dept. contest sponsored by the Womans Club of Arcadia.

Art Work Is On Display

The work of Teresa Pink and John Piscitelli is now on display in the children's yard at the Arcadia Methodist Hospital. The program is under the sponsorship of the art department of the Woman's Club of Arcadia.

Teresa Pink will be entering the second grade at Hugo Reid school this fall. She received a first-place winner for the first grade at her school while she was a member of that class. She is an active youngster, swims, sings, plays the piano and helps with her younger brother and sister, but her first love is art. She is interested in crafts as well as painting. The first place winning picture was actually a decoration which she had made at school for another purpose, but her teacher, Mrs. Brown, thought it so good that it was kept for the contest. And, of course, Teresa won first place in the contest conducted each year by the Woman's Club and also an honorable mention in the Clothes Line show held in the Hub.

John Piscitelli will enter the 7th grade at First Avenue school this fall, but his winning work was done while he was at Baldwin Stocker, under the direction of Jim Umbeck. John won first place at his school, then the Arcadia school district, then Verdugo District, which includes 23 school districts, then he went on to win first place in the state. His trophy and ribbon were awarded to him at the state convention of Women's Clubs held at the Sheraton-Universal. Afterwards he was treated to a tour of Universal City Studios.

John is an all-around boy as good in sports as he is in art. He won first place in the Civitan track meet for the long jump, second place in the 100-yard dash and his team from Baldwin Stocker came in first in the relay. He played short stop in Little League.

During this summer, he has taken classes in Batik and tie-dye with the Creative Arts.

Woman's Club President Is 'Sports' Enthusiast

Mrs. William Greenway (Lu), president of the Woman's Club of Arcadia, has chosen the theme of Happiness, Harmony and Helpfulness as the motto for her year. This is a repeat performance for Mrs. Greenway who served as president in 1966-67.

"Ever since the Woman's Club of Arcadia was organized it has played an important and vital role in the community life and development of Arcadia, Lu said, "And I hope during this year that the club will add to that fine record."

Mrs. Greenway is filled with enthusiasm for the year ahead and she has nothing but praise for her competent board and the interested membership.

She points with pride to her first term as president when the club won the Federation Trophy of the Verdugo-Metropolitan, which is given for outstanding work for federation. There were about 35 federation chairmen that year working on district projects in various fields.

The Art and Pennies for Art (Visual Art) department was organized during that year, and it not only took a state prize for first place but has every year since. Another outstanding department that was stated was Meet the Authors luncheon, which also has become most successful.

Mrs. Greenway intends to promote federation which is one of the objectives of women's clubs.

In addition to the club work, Lu is a very busy lady. She and her husband own the Southern California Door Co. and she is vice president and treasurer. They have two sons, Bill, a graduate of UCLA and USC with a degree in engineering, works for his parents in the sales department, and Jim, a student at the University of California at Irvine.

"There is no generation gap in our family," Mrs. Greenway said. "Jim and a friend introduced us to skiing two years ago and since then we have had many fun trips together. We find skiing both relaxing and challenging.

"Last year when Jim entered college he started working out with what was to become the "Visit Season" varsity baseball team at the University of California at Irvine. We attended the double header practice game and Jim took over second base spot as freshman, so we naturally couldn't miss any of the games. When the team traveled by bus to the games at the University of Nevada at Las Vegas and Southern Utah State, we were privileged to accompany the team.

"It was three wonderful days with those fine young men and a trip we will never forget. We also accompanied the team to the N.C.R.A. Regional Tournament at Sacramento to which they were invited after having a most successful season to become ninth place in the nation.

Bill received a scholarship in the NROTC program and while at Edwards Air Force Base was in on the modifications of the rocket that went to the moon.

Both boys attended Arcadia schools and graduated from Arcadia High School. Jim was a quarterback on AHS football team and received the Most Outstanding player trophy.

Mrs. Greenway said, "We moved 30 times before coming to Arcadia because Bill was with U.S. Industries and was always being moved around. Bill Jr. pitched the first Little League game in the new ball park the day the mayor dedicated it, and we decided that as long as we had made history we would stay here.

Lu said that it was practically in her wedding vows that she learn to play golf by the next year to be ready for the advance league. "My husband and Bill Jr. were my only teachers, she continued.

The Greenways and their sons and Bill's wife, spend many happy weekends together with their activities

Arcadia clergy speaks on the changing world

Clergymen Look at 'Changing World'

By Marilyn Morrison

The church is a conserving institution, and also a transforming institution and cannot go too far in either direction. The idea is to keep one foot in tradition in which the church is rooted, and the other reaching out to the changing world.

This conception was expressed by the Rev. Fred Coots, minister of Church of the Good Shepherd, when he joined five other Arcadia ministers in a panel talk on the topic "This Changing World."

The panel program was the main feature of the annual Clergy Day luncheon hosted by the Woman's Club of Arcadia.

Mrs. Lyman Vollintine, chairman of the day, introduced as panelists the Rev. James W. Hagelganz of Arcadia Presbyterian Church; the Rev. Walton W. Doering of Our Saviour Lutheran Church; Father Lawrence Cowan of Holy Angels Catholic Church (standing in for the Rt. Rev. Msgr. Gerald O'Keefe); Rabbi Martin Sofer of Foothills Jewish Temple in Arcadia; the Rev. Ronald Wheeldon, rector of Church of the Transfiguration, Episcopal, and the Rev. Mr. Coots.

may be great differences occur between children and parents. There may be great changes in services of church. But God will never change."

Father Cowan, asked how does the Catholic church meet the needs of the times, said each challenge must be met individually. Societies fall because of decay from within. Many a problem in society stems from conditions existing in the home. The Catholic church emphasizes the brotherhood of man, dignity of marriage, and tries to help solve the ills of society.

The Rev. Mr. Hagelganz gave the basic concept of the Presbyterian Church in these changing times, with aims to restore the relationship of the church and the teen challenge. He stated that the teen challenge group had been able to effect the cure of about 80 per cent of the drug problem.

The Rev. Mr. Doering said the mission of his church was to preach the Word of God, the good news of salvation. Forms of service may change, he said, and the church must use modern means and agencies such as TV and radio.

By Marilyn Morrison

This Changing World" was topic of a panel discussion of clergy men from the Arcadia area at the annual Woman's Club Clergy Day program.

Members of the panel which was moderated by Mrs. Lyman Vollintine included Dr. James W. Hagelganz, Arcadia Presbyterian; The Rev. Fred Coots, Church of the Good Shepherd; The Rev. Ronald Wheeldon, Church of the Transfiguration; The Rev. Walton Doering, Our Saviour Lutheran Church; Rabbi Martin Sofer, Foothill Jewish Temple Center and Father Laurence Coen of Holy Angels.

Each member of the clergy panel gave a short talk indicating where he and his Church stood in these changing times.

Dr. Hagelganz began the discussion commenting that the emptiness of life can be filled through a personal encounter with Christ. He believes the Church can assist in bridging the relationship between man and God and that through Christ this broken relationship can be restored. He spoke of the Prebyterian Church's attempt to offer a meeting place for young people at "the cottage."

Rev. Doering related he felt the institutionalized Church was in a state of change and that smaller meeting and groups of a more personal nature were better able to meet the needs of today. He felt the Church must speak to the issues and that people should be let to "do their thing, for Christ."

Father Wheeldon spoke of the many aspects of a changing world and commented that 100 years just isn't considered long at all in England. (He is rector of St. Cuthbert's in County Durham and is in Arcadia for the year on an exchange venture with Father Bill Daum). He stated that the world is neither good nor bad, its the people that live in it. Something he says that never changes is the God he serves.

Rabbi Sofer said that he felt that periods of change were good for Judaism and that there is definitely a partnership between man and God. It is his belief that the family is the central cell of society and that the breakdown of the family was frequently responsible for many of the problems encountered today. He expressed the thought that it was necessary for a person to be responsible for his acts.

Father Coen commented that there was no ready-made solution to the problems resulting from these changing times. It was his opinion that each challenge should be met on an individual basis and that the brotherhood of man should be based on the fatherhood of God.

Rev. Coots in conclusion commented that each member of the panel was basically saying the same thing, in his way. He commented that the laws, government, family and the Church were all being attacked from within and without and that so frequently if a person disagreed with one segment of anything he would withdraw support of the entire program, rather than seeking to relate to and find wherein he could agree. It is his belief that the Church is a conserving institution and also a transforming institution and that as Christians it is often necessary to have one foot in the tide of tradition and another in the stream of change.

A discussion under the direction of Mrs. Vollintine followed.

Arcadia Woman's Club to Honor Past Presidents

Jan. 6 is the day designated as "Past Presidents' Day" at the Arcadia Woman's Club and all past presidents of the local club will be guests of honor. Luncheon will be served at 11:30 a.m. under the direction of the ways and means committee. The deocrations will be furnished by Mrs. Henrietta K. Loeffler.

R. James Mortimer, Branch Manager of Diners Fugazy Travel, of San Gabriel, will speak on the subject — "Some Misconceptions About The English" . . . a light-hearted commentary, dealing with such matters as the Sense of Humor, differences in spoken English, the English currency, etc.

Mr. Mortimer was born in London, England, where he lived and worked until moving his home to Los Angeles in 1961.

He joined the Travel Agency business in March, 1927 and, except for his War service, has been a Travel Agent ever since.

In September 1939, when the second war broke out in Europe, he served for 18 months in the Civil Defense of London, experiencing the Battle of Britain and the "Blitz" as a civilian. His memories of this period are the topic of one of his talks.

April 1941 saw him as recruit in the Royal Air Force, in which he served for five years, including an extended stay in Paris, France. His regard for France and the French stems from this period of his life.

As a Travel Agent, he has traveled extensively, and knows Western Europe intimately. His travels also include such places as Ceylon, French Polynesia and the Yucatan Peninsula.

For four years he was an instructor in a Travel School in Los Angeles, where he further developed his public speaking skills and techniques.

As Branch Manager of Diners Fugazy Travel in San Gabriel, he deals each day with travel problems ranging from a quick trip to San Diego to a tour around the world. Each day brings its challenge, which must be overcome to ensure client satisfaction.

He is an active member of the Kiwanis Club of San Gabriel, and is also involved in the activities of the Arcadia and San Gabriel Chambers of Commerce.

Arbor Day program planned Tuesday

ARCADIA — The Arcadia Woman's Club in cooperation with the Los Angeles County Arboretum will present a public program for the celebration of Arbor Day from 3:45 to 5 p.m. Tuesday, March 9.

In California, Arbor Day, in memory of famed horticulturist Luther Burbank, is generally observed on March 7 but, as that date is on a Sunday this year and since celebrations are traditionally an after-school affair, the date was re-set.

Every youngster attending will receive a red-cap gum eucalyptus with planting instructions. This tree is a native of western Australia and is a rapid growing evergreen that often reaches a height of 20 feet.

Among the honored guests will be David Alstadt, director of the Foothill Highlanders; Joseph Covell, deputy supervisor of the Los Angeles County First District; F. Harold Roach, president of the Arboretum Board of Governors; Donald Camphouse, president of the California Arboretum Foundation; Ruth Vallone, Arcadia Ecology Council; Bill Graham, assistant deputy, Angeles National Forest and Mrs. David Sheldon, conservation chairman of the Arcadia Junior Woman's Club.

Woman's club faces problem

March 20th 1971

ARCADIA — Plagued with dropping membership, increasing taxes and insurance rates, the Woman's Club of Arcadia appears to be in serious trouble, according to a letter to city councilmen requesting the city buy the propery for city use.

The Board of Directors of the organization "feels that with a decreasing membership from more than 300 some years ago to the present membership of 140, with increasing taxes, insurance rates and other expenses, continued operation of the premises by the Woman's Club is no longer economically sound," said Jane R. Shepherd, second vice president of the group.

In an effort to preserve the Woman's Club intact, the city was asked to, in effect, purchase the property and allow the club to meet a minimum of five days per month in it. The suggestion met with a cold response from city officials who could not find justification for the expense of maintaining the property.

The council hates to see the club go, but is not in a position to take it over, according to Mayor Edward L. Butterworth who acknowledged the work the group has done since its founding in 1914.

Starting with only 15 members in 1914, the group opened the first lending library for the city, established the Arcadia Historical Society, the Junior Symphony and the Arcadia Beautiful Commission. They have been a charter organization since 1930, when their current property on South First Avenue was built.

The preliminary offer to the city by the club would, for "a fair price" and interest rate, sell the clubhouse and certain contents to the city with the club holding a trust deed to the property and taking a monthly rent back on an offsetting basis for their five day operations.

Under current operation, the clubhouse now brings in approximately $6,000 a year through rentals Mrs. Shepherd said. There is a balance on the bank loan of approximately $2,520 which would have to be picked up by the city, and is presently being paid at the rate of $95 per month, according to Mrs. Shepherd.

City officials gave their negative reaction to the proposal largely on the basis of reports from city department heads.

According to Charles N. Greenstreet, director of recreation, the transaction would set a precedent with other local groups who own their own property, would require sizable maintenance expense for the city, no street parking is available and the action would jeopardize the construction of the proposed multi-purpose community center and the passage of a bond to finance it with.

Finance Department Director Charles Reiman gave a negative nod on the basis of the age of the building.

"The structure was built in 1931 and most buildings this old and type of construction would collapse if the termites stopped holding hands." he said.

With the council leaving the next move up to the members of the Woman's Club, the matter remained suspended. However, one club member, Mrs. Ernest J. Fuerst, past president wondered if letting a dying body go would not be the best thing.

"Unfortunately, this situation is not a problem just for Arcadia, it is happening to woman's groups all over the country," she said. "It just seems to be a sign of the times."

In her opinion, the group had served its purpose and, in effect, now amounted, for many women, to little more than a modern way-station for passing into bridge groups within the community.

"It most certainly is a status organization and don't you think it isn't," she said. "Other groups such as the Assistance League will be taking its place. In a way, though, I think something better will come out of it."

LETTERS FROM READERS

Woman's Club property use

Editor, News-Post:

While we were flattered with the amount of publicity we received and its being given a place of importance in various newspapers, we were surprised at its content.

To set the record straight, one of our members; namely, Mrs. Harold Shepherd, vice president, with the approval of our Board of Directors, made an exploratory inquiry to our mayor, Edward Butterworth, regarding the city's possible use of our property. He showed interest and asked Mrs. Shepherd to see Lyman Cozad, city manager, and Robert Ogle, city attorney, and made the appointments for her to do so. It was suggested by the city manager's office that Mrs. Shepherd see the director of recreation, Charles Greenstreet, who requested that a letter be written outlining the initial proposal.

The letter was written and Mrs. Shepherd was notified that Council would consider this matter on Tuesday evening, March 16. The only negative remark heard at this meeting came from Councilman Arth, who apparently felt that this might lead to other organizations in the city offering their facilities for civic use.

It has been brought to our attention repeatedly that the city needs a teen center, and we have observed the need for a central location for various dance and bridge classes, as well as classes in art, music, etc., along with a dependable center where these interests could be pursued.

The only taxpayer money required for the use of this property would be for the maintaining of the property, an expense that could be offset with maintaining part or all of the present rental arrangements, and yet leave time for the above mentioned activities. The purchase price and interest would be amortized through rental of the property to the Woman's Club for specified days of each month. The letter clearly stated that it was a summary of the thoughts and ideas of Mrs. Shepherd, and that details would be subject to negotiation and all arrangements subject to the approval of the club membership.

The clubhouse has recently been refurnished and it has been renovated to meet the current safety standards. Chester Howard, director of public works, states in his report to the city manager that the property is, "in very good condition". We feel that with more responsible, although less sensational, reporting that this information, which had been given to the reporters, would have taken precedent over the mere opinion of Charles Reiman, finance director.

It is definitely not true that The Woman's Club of Arcadia is destitute. Our assets have been conservatively estimated at over $65,000. We are cheerfully and industriously meeting our budget of over $10,000 for the current year.

There has been a decrease of only eleven paid memberships this club year; two by death and two through the awarding of complimentary memberships to past presidents who have moved from the city. Because our organization has been active for almost sixty years we feel that retirement of seven women, most of which resulted from moving from this area, is no shocking loss of membership.

In conclusion may we thank our mayor, city manager and councilmen for their complimentary remarks and their indication that they planned to give the matter further consideration.
